

The Anderson Graduate School of Management 3-2 MBA Program for Undergraduates

The 3-2 Master of Business Administration (MBA) Program is designed for undergraduate students interested in starting an MBA degree while completing an undergraduate degree in an area other than business.

PLEASE READ CAREFULLY!

The 3-2 MBA Program permits a University of New Mexico undergraduate student to complete both a bachelor's degree in a field outside of The Anderson Schools of Management and an MBA degree in a minimum of five (5) years. Students will complete a total of 37 hours of MBA coursework for an accelerated track program and 43 for a focused track with concentration to meet degree requirements. Completion of the 3-2 Program is accomplished in the following manner:

1. For the first three years of university studies, the student pursues a normal program (15-18 hours per semester) of undergraduate work in any college other than The Anderson Schools of Management.
2. By the end of the junior year, the student's major requirements must be near completion.
3. It is recommended that students complete math through Calculus and an introductory Microeconomics course.
4. Typically, during the second semester of the junior year, the student applies for admission to the MBA program at Anderson. In order to be considered, the student must submit a complete MBA application packet, along with the 3-2 Program application.
5. The student is expected to meet regular MBA admission requirements and to meet the following requirements -- **THERE ARE NO EXCEPTIONS TO THESE REQUIREMENTS:**
 - Complete, by the end of the junior year, at least **90 hours of coursework** toward the bachelor's degree so as to be within one year of graduation. *No fewer than 30 of these hours must have been taken at UNM in order to meet UNM's residency requirement;*
 - Achieve a **minimum cumulative grade-point average of 3.00** on all work taken at UNM;
 - Receive a score of 500** or above on the GMAT or an equivalent score on the GRE.
 - Meet application deadlines:** Fall semester, April 1st; Spring Semester October 1st.
6. Once admitted to the 3-2 Program, students will complete 18 hours of MBA core courses during the senior year, which will constitute the student's minor course of study. It is recommended that students take 9 hours of MBA core courses the first semester, and 9 hours of MBA core courses the second semester. Concurrently, the student completes the requirements for the bachelor's degree and graduates.
7. In the fifth year of study, *if the student has a minimum of 3.0 GPA in all MGMT coursework attempted and has completed their undergraduate degree program*, the student will be admitted to graduate status. Once in graduate status, students will have a minimum of 19 hours left to meet their MBA degree requirements in the accelerated track and 25 hours for the focused track.

All MBA program degree requirements and academic regulations apply to students in the 3-2 Program.
