

## **Questions to Ask Your Student:**

What are your interests?

What qualities are you looking for in your new major?

What skills have you obtained from your previous major(s)?

Why do you feel that your previous majors were not right for you?

What industries could you apply for with your current/new major?

Are there any skills you wish to gain, but have not learned in your previous coursework?

What extracurricular activities are you involved in?

What are your life goals?

What are the most important qualities you wish to have in the future?

What values do you seek in your future workplace?
