3-2

MBA PROGRAM

EARN YOUR UNDERGRAD & MBA IN JUST 5 YEARS!

WHY 3-2

TIME + MONEY

Save as much as \$20,000 and graduate with two degrees in just five years. In the 3-2 program, an undergraduate student takes 18 MBA credit hours in place of a minor or electives, allowing for nearly half the MBA program to be taken with undergraduate tuition. The 18 credits hours used for both undergraduate and graduate degrees significantly reduces the cost of a second degree and helps students get a jump start on their career goals.

Who Should Apply?

High achieving non-business major undergraduate students who need a minor or electives, have a year left to graduate, and are interested in pursuing an MBA.

These are the requirements to apply:

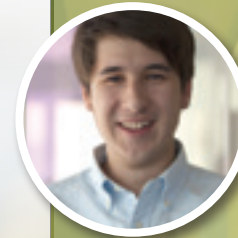

3.0 minimum GPA

500 GMAT score or GRE equivalent

90 credit hours completed by end of junior year

“Taking MBA courses as an undergraduate student gave me so much confidence, introduced me to so many new friends and positive people, new job opportunities, and created a whole new interest for me in business.”
