

STATEWIDE DUAL CREDIT MASTER AGREEMENT
NEW MEXICO SECONDARY AND POSTSECONDARY DUAL CREDIT PROGRAM
MEMORANDUM OF AGREEMENT
Between The University of New Mexico - Albuquerque/Main Campus (*hereafter* UNM)
(POSTSECONDARY INSTITUTION)
And
Menaul School
(LEA)

TERMS OF AGREEMENT

PART 1 – GENERAL PROVISIONS OF AGREEMENT

A. SCOPE

Dual credit shall be provided in accordance with the terms and conditions of this uniform Master Agreement (*hereafter* Agreement), which supersedes all previous agreements, versions and addenda. This Agreement applies to local education agencies (public school districts, locally chartered and state chartered charter schools, state-supported schools, and bureau of Indian education-funded high schools) (*hereafter* LEA), high school students who attend secondary schools, and public postsecondary institutions in New Mexico including tribal colleges (*hereafter* Postsecondary Institution). The LEA may complete agreements with multiple postsecondary institutions. The Postsecondary Institution may complete agreements with multiple LEAs.

B. DEFINITION OF DUAL CREDIT PROGRAM

“Dual credit program” means a program that allows high school students to enroll in college-level courses offered by a POSTSECONDARY INSTITUTION that may be academic or career technical but not remedial or developmental, and simultaneously to earn credit toward high school graduation and a postsecondary degree or certificate.

C. AUTHORIZATION

Dual Credit Programs are authorized by Sections 21-1-1.2, 21-1B-3, 21-13-19 and 22-13-1.4 NMSA 1978 and 6.30.7 NMAC.

D. PURPOSES

The primary purposes of a dual credit program are to increase the educational options and opportunities for high school students and increase the overall quality of instruction and learning available through secondary schools. Fundamentally, dual credit programs allow students to earn credit at the secondary and postsecondary levels simultaneously. The programs may also encourage more students to consider academic or career technical higher education, especially students from underrepresented groups. Research indicates that dual credit programs can lead to better completion rates for both high school and college; reduce the need for remediation; shorten time to a diploma or degree completion; reduce the cost of higher education; reinforce the concept of life-long learning through an educational continuum; provide an alternative for students tempted to leave high school to enter the workforce; and, especially when offered through distance learning, provide equal access to higher education opportunities to students, whether rural or urban.

E. ELIGIBILITY AND APPROVAL

The following general eligibility and approval requirements shall apply to all Agreements. The Agreement specifies the means by which the state will provide equal opportunities to all high school students who wish to participate in the dual credit program. The Agreement: 1) specifies eligible courses, academic quality of dual credit courses, student eligibility, course approval, course

requirements, required content of the form, state reporting, liabilities of parties, and student appeals; and 2) states the roles, responsibilities, and liabilities of the LEA, the postsecondary institution, student, and the student's family.

1. Eligible Courses

College courses that are academic or career technical and that simultaneously earn credit toward high school graduation and a postsecondary degree or certificate shall be eligible for dual credit. Remedial, developmental and physical education activity courses are not eligible for dual credit. Dual credit courses may be taken as elective or core course (except physical education activity course) high school credits. Core course means a course required for high school graduation as defined in 22-13-1.1 NMSA.

The LEA in collaboration with the POSTSECONDARY INSTITUTION shall determine a list of academic and career technical courses eligible for dual credit for inclusion into the appendix. The appendix shall indicate the name of the postsecondary institution, the name of the LEA, the date, course subject and number, course title, location of course delivery and semester offered. The LEA shall submit the appendix electronically to NMHED and PED when the Master Agreement is signed and at the end of each semester prior to its application for which the appendix is modified.

Dual credit courses may be offered at LEAs, POSTSECONDARY INSTITUTIONS, and off-campus centers as determined by the LEA in collaboration with the POSTSECONDARY INSTITUTION offering the courses. Dual credit courses may be delivered during or outside of LEA hours.

The POSTSECONDARY INSTITUTION may offer dual credit courses via distance learning (online, hybrid, correspondence, Cyber Academy [IDEAL-NM]) in accordance with 6.30.7.8 NMAC as this option becomes available and cost-effective. All dual credit course rules apply (6.30.7 NMAC). The LEA and POSTSECONDARY INSTITUTION participating in the Cyber Academy shall be subject to applicable rules pertaining to distance learning (6.30.8 NMAC).

2. Academic Quality of Dual Credit Courses

College courses eligible for dual credit shall meet the rigor for POSTSECONDARY INSTITUTION credit and be congruent with the POSTSECONDARY INSTITUTION's normal offerings. Classes offered in LEA settings shall conform to the POSTSECONDARY INSTITUTION's academic standards. Faculty for all dual credit courses shall be approved by the POSTSECONDARY INSTITUTION.

Dual credit courses must meet the public education department standards and benchmarks. Dual credit courses that are part of the general education common core for postsecondary institutions are eligible for transfer among New Mexico postsecondary institutions pursuant to Subsection D of 21-1B-3 NMSA 1978. Credit may be eligible for transfer from one public postsecondary institution to another and may be applied toward requirements for postsecondary graduation and receipt of a degree. However, how/if a course transfers and the applicability of that transfer work toward degree requirements is ultimately at the discretion of the receiving institution.

3. Student Eligibility

The LEA and POSTSECONDARY INSTITUTION shall qualify and advise candidates for dual credit from the pool of eligible high school students. A candidate for dual credit is eligible for consideration for fall, spring, and summer semesters if he or she:

- a. is enrolled during the fall and spring in a LEA in one-half or more of the minimum course requirements approved by PED for public school students under its jurisdiction or by being in physical attendance at a bureau of Indian education-funded high school at least three documented contact hours per day pursuant to 25 CFR 39.211(c);

- b. obtains permission from the LEA representative (in consultation with the student's individualized education program team, as needed), the student's parent or guardian if the student is under 18 years old, and POSTSECONDARY INSTITUTION representative prior to enrolling in a dual credit course; and
- c. meets POSTSECONDARY INSTITUTION requirements to enroll as a dual credit student.

4. Course Approval

Approval for dual credit shall be by the LEA and POSTSECONDARY INSTITUTION representatives on a course-by-course basis each semester based on the student's prior coursework, career pathway, and/or academic readiness. There is no state limit to the number of credits a student may earn through dual credit in an academic term; however, the student must meet eligibility requirements.

5. Course Requirements

The course requirements for high school students enrolled in dual credit courses shall be the same as those of regular college students. Course requirement information shall include the course prerequisites, course content, grading policy, attendance requirements, course completion requirements, performance standards, and other related course information.

6. Eligible Semesters

Eligible students may enroll in dual credit courses year-round.

7. Course Transcribing Ratios

Unless otherwise approved by the cabinet secretaries of higher education and public education departments, successful completion of three credit hours of postsecondary instruction shall result in the awarding of one high school unit for said completed postsecondary course. If the LEA and POSTSECONDARY INSTITUTION determine that a different ratio is warranted for a particular dual credit course comparable to LEA core courses in order to meet PED standards and benchmarks, they may appeal to the Council, which may recommend a different ratio to the cabinet secretaries. The joint decision of the cabinet secretaries shall be final.

8. Required Content of Dual Credit Request Form

Each semester, the Dual Credit Request Form (hereafter Form) shall be used to document each student request for enrollment in dual credit courses and the review and approval process within the LEA and POSTSECONDARY INSTITUTION. LEAs and POSTSECONDARY INSTITUTIONS shall provide the form to eligible students and appropriate LEA staff online and in hard copy. The form is available on the UNM Dual Credit website as well as the NM PED website. 6.30.7.12 NMAC specifies Form content.

9. State Reporting

The LEA and POSTSECONDARY INSTITUTION shall retain educational records in accordance with New Mexico or Federal statutes and record retention regulations as per 1.20.2 NMAC and 1.20.3 NMAC, or 25 CFR, Part 43, as applicable. NMHED and PED shall verify and reconcile the respective dual credit records at the end of each academic year. Students enrolled in dual credit courses shall be classified as such and reported to NMHED and PED as per 6.30.7.12 NMAC.

10. Liabilities of Parties

Dual credit status shall neither enhance nor diminish on-campus liabilities for the LEA or POSTSECONDARY INSTITUTION. Management of risk and liabilities shall be in accordance with the LEA and POSTSECONDARY INSTITUTION policies and codes of conduct.

Personal liabilities for the student shall be equal to those of POSTSECONDARY INSTITUTION students.

11. Appeals Each STUDENT, LEA, and POSTSECONDARY INSTITUTION has the right to appeal decisions concerning the dual credit program.

The LEA and POSTSECONDARY INSTITUTION shall have a student appeals process pertaining to student enrollment in dual credit programs. LEA and POSTSECONDARY INSTITUTION decisions are final.

The Dual Credit Council (Council) shall administer an appeals process for LEA and POSTSECONDARY INSTITUTION representatives to address issues outside the scope of the Agreement, including the determination of alignment of course content to determine the appropriate credit ratio. The Council is an advisory group consisting of NMHED and PED staff that issues recommendations to the cabinet secretaries. The cabinet secretaries shall act jointly upon Council recommendations; their joint decisions shall be final.

PART 2 – SPECIFIC PROVISIONS OF AGREEMENT

The following provisions outline the specific responsibilities and duties that apply to the POSTSECONDARY INSTITUTION, SECONDARY SCHOOL, and STUDENTS participating in the dual credit program to ensure adequate participation by each party.

- a. **Admission** - All students, new or returning, must submit a complete application packet by the deadlines posted at <https://advisement.unm.edu/dual-credit> and listed in the “Admission Deadlines” section of the UNM Dual Credit & Concurrent Enrollment Handbook to be considered for admission. Admission to UNM as a dual credit student is only good for one semester at time. The entire admission process that includes submission of a complete application packet must be followed for each and every semester that a student wishes to continue taking courses as a dual credit student. A complete application packet consists of the following:
 - i. **MAJOR/CAREER INTEREST FORM:** Students should use their IEP, Next Step Plan, and/or discussions with a high school counselors and family in addition to their own thoughts on their academic, research, and career goals to complete the Major/Career Interest Form. We will use this document to help match students to the appropriate advisors at UNM. The information provided in this document will be uploaded to the student’s LoboAchieve account at UNM so that it can be reviewed by UNM academic advisors.
 - ii. **DUAL CREDIT APPLICATION FORM:** Complete the Dual Credit Application Form electronically through the UNM Office of Admissions. The electronic form can be found here: <https://goto.unm.edu/dualcreditapp>
 - iii. **NM DUAL CREDIT REQUEST FORM:** Complete the State of New Mexico Dual Credit Request Form.

2. Students are responsible for ensuring that page 1 is completely filled out before submitting. The only two blocks that are optional are the Social Security Number and Ethnicity. Homeschool students do not need to complete the HS ACT Code, but all other students do. At the time of submission, all signatures must be complete except for the Postsecondary Representative. The UNM Dual Credit Coordinator or Supervisor will sign there after reviewing all application packet documents.
3. Submit complete form to dualcredit@unm.edu. This can be sent by the student or a high school representative.
4. NOTE: Courses indicated on this form are subject to change before/after/during the admission process due to course placement, advisement with a UNM advisor, and/or course availability at the time of registration. In such cases, a new NM Dual Credit Request form may be required which the UNM Dual Credit Coordinator will help to facilitate.

ii. **OFFICIAL TRANSCRIPTS:**

1. High School Transcripts
 - a. All applicants must submit current, official high school transcripts. If applying for a fall or spring semester, it must include all grades from the previous spring semester. If applying for summer, it must include all grades from the previous fall semester.
 - b. Official high school transcripts must be submitted directly to dualcredit@unm.edu from Parchment or from a high school counselor or other high school administrator. Transcripts submitted by a student or parent are considered unofficial even if the words, “Official Transcript” are written on the document and will not be accepted.
 2. College Transcripts
 - a. Students that have taken dual credit courses at institutions outside of UNM or the UNM branch campuses, must submit official transcripts to UNM whenever a new set of courses are completed.
 - b. Official transcripts must be sent directly to UNM Admissions from the college or university where the other dual credit courses were taken. They may be sent to apply@unm.edu if sent electronically or to P.O. Box 4985, Albuquerque, NM 87196-4895 if hardcopy is sent by mail.
- b. **Registration** – A hold is placed on all dual credit student records at the time of admission and is not removed until the student transitions out of the dual credit program to a degree-seeking student at UNM either as a first-year student or a transfer student. This hold prevents a student from performing any registration processes

(add/drop courses) on their own. All course registration processes will be completed on behalf the student by the Dual Credit Coordinator and/or Supervisor.

- i. UNM degree-seeking students, including new first-year students and new transfer students will be given priority for registration. Typically dual credit registration happens during the week prior to the start of the semester but in some cases may occur earlier (example: non-high demand courses, courses taking place at off campus at a high school site). Confirmation of registration will be emailed to the student at their UNM email account.
 - ii. Students must meet all pre-requisites and/or be eligible for any course restrictions for the course in which they plan to take before the Dual Credit Coordinator/Supervisor will register the student for the course.
 - iii. For fall and spring semesters, UNM will provide an enrollment report of all registered dual credit students at the LEA the week following UNM's census/official reporting date (3 weeks after start of a spring or fall semester) and once per month thereafter until the end of the semester. For summer semesters, UNM will provide an enrollment report after the last day to add a course for both the first half and second half terms.
4. employ a method of qualifying the student for dual credit that demonstrates that the student has the appropriate skills and maturity to benefit from the instruction requested;
 - a. See admission requirements in 2 a, b, c above and course placement requirements in 8 a, b, c below.
 5. provide advisement to review the appropriateness of each student's enrollment in a course prior to registration in terms of academic readiness, age requirements, and programmatic issues;
 - a. The Dual Credit Coordinator will evaluate the Major/Career Interest form submitted as part of the application process. Students will be referred to the appropriate academic advisor at UNM based on their interest in degree pathway and/or career. The student and the advisor will have a discussion about the course(s) selected on the Form. If after their discussion, the student chooses to change the course(s), a new Form complete with signatures must be completed. This can be facilitated by the Dual Credit Coordinator.
 6. provide the Form to eligible students and appropriate LEA staff online and in hard copy;
 - a. The Form will be available to complete online or download to print at: <https://advisement.unm.edu/dual-credit>
 7. approve the Form each semester based on each student's prior coursework, career pathway, and/or academic readiness;
 - a. The Form shall be reviewed and approved by the UNM Dual Credit Coordinator and/or Supervisor. Courses listed on the Form may be subject to change before/after/during the admission process due to course placement, advisement with a UNM academic advisor, and/or course availability at the time of registration. In such cases, a new NM Dual Credit Request form may be required which the UNM Dual Credit Coordinator will help to facilitate.
 8. provide course placement evaluation services and consider a high school college readiness

assessment to verify a student's academic skill level and to ensure compliance with course prerequisites;

- a. There are a limited number of courses available for dual credit that do not require any placement scores or pre-requisite courses. We highly recommend that at the time of application to the Dual Credit Program, if a student has ACT, SAT, IB, AP, Accuplacer, CLEP scores and/or dual credit work from other higher education institutions outside of UNM Main and the UNM Branch Campuses that have not been previously sent officially to UNM that they submit those at that time to ensure a smooth course placement. If no such scores or outside dual credit work exists, we will recommend that the student take the appropriate Lobo Course Placement (LCP) tool or Accuplacer exam to determine Math, English, and/or Reading placement to ensure students are starting at the right level of challenge. Depending on the student's course request and/or major interest, there may be other placement tools necessary to ensure proper placement such as Spanish, French, or German placement exams.
 - b. If a student places into one or more of our Foundational Courses (FYEX 1010: Foundational Math, FYEX 1030: Critical Text Analysis, and/or ENGL 1110X: Composition I: Stretch I) course selection will be limited to those courses that are compatible with our foundational level courses. An academic advisor will be able to discuss which compatible courses would be available for the student to take as a dual credit student interested in a particular degree program and/or as an exploratory/undecided student. Students may not take foundational courses as part of the Dual Credit Program but academic advisors can work with the student to find courses that would be appropriate to take.
 - c. Student must meet all pre-requisites and/or be eligible for any course restrictions for the course in which they plan to take before the Dual Credit Coordinator will register the student for a course.
10. provide information and orientation, in collaboration with the LEA, to the student regarding the responsibilities of dual credit enrollment including academic rigor, time commitments, and behavioral expectations associated with taking POSTSECONDARY INSTITUTION courses and the importance of satisfactorily completing the POSTSECONDARY INSTITUTION credits attempted in order for dual credit to be awarded;
- a. A link to our online orientation will be provided to the student at the time of admission. The link will be emailed to the email account(s) provided on UNM's online Dual Credit Application Form.
11. inform students of course requirement information, which includes course content, grading policy, attendance requirements, course completion requirements, performance standards, and other related course information;
- a. Students are responsible for acquiring this information from the course syllabus provided to them by the instructor of their course.
12. advise parents of federal Family Educational Rights and Privacy Act (FERPA) rules;
- a. Parents sign off on the FERPA Release Information that discusses FERPA rules when they sign off on the Form. Parents will be advised of and/or reminded of

FERPA rules by the Dual Credit Coordinator on a case by case, as needed basis.

13. maintain and update annually a Dual Credit & Concurrent Enrollment Program Handbook for high school students, parents, and staff. The Dual Credit Program Handbook will include the UNM specific details outlined in this Master Agreement as well as other details for understanding the policy and procedure before, during, and after admission to the UNM Dual Credit Program.
