## BUDGET TOTAL

BUDGET SUMMARY	AMOUNT
Total Income	\$ -
Total Expenses	\$ -
<b>SAVINGS/NEED</b>	<b>\$ -</b>
Loan	\$ -

\*If your expenses exceed your income, compare your need to the loan you are taking out. If the loan you are taking out is more than your need, you shouldn't accept it.

Taking out more loans than you need increases your debt and causes unnecessary expenditure. Representatives of the **Center for Financial Capability** can help you find avenues to cut expenses.
